1. Forwarded under separate cover please find biographical information and results of a Wechsler-Bellevue test administered to Hryhorij (Georg) PANCHUK. This student was only interested in a short-term mission and, granted that it is unlikely that KUBARK would wish to send him on a short trip, did not forward this material earlier. From AECASSOWARY/29's description of the man, he did not appear to be an ideal agent prospect. Moreover, a Book Dispatch from Headquarters arrived after AECASSOWARY/29's departure to New York, making it quite clear that short-term missions would only be approved under special circumstances. It now belatedly occurs to the writer that this student, if not sent on a short REDSKIN mission, could be of other use to AECASSOWARY/29, either for contact operations in Belgium or other purposes. A POA on him is therefore requested.
